Development Application Instructions & Filing Procedures

These instructions are intended to provide general information and guidance for submitting Development Applications to either the Seaside Park Planning Board or the Zoning Board of Adjustment. This information is provided as a service to make the Development Application process easier but not intended to supersede the detailed requirements outlined in the Borough's Development Regulations Ordinance and the New Jersey Municipal Land Use Law. Applicants are advised to consult with legal counsel as the applicant is responsible for the preparation of the application, providing required notices and presentation at the hearing.

If the proposal includes erecting a new structure of substantial alteration of an existing structure, applicants should consult with the Construction Official for compliance with the Borough's Flood Plain Regulations (§25-612 of the Development Regulations Ordinance) before finalizing plans and submitting a Development Application since compliance may effect the structure's height and the encroachment of stairs into required setbacks.

Zoning, subdivision, site plan and other regulations regarding land use and development in new Jersey are governed by the Municipal Land Use Law (N.J.S.A. 40:55D-1 et. seq.) and municipal ordinances adopted in accordance with this law. In the Borough of Seaside Park, these municipal regulations are contained in the Borough's Development Regulations Ordinance (Chapter 25 of the Borough Code). Copies of the Seaside Park Development Regulations Ordinance (\$20.00) are available for review or purchase at the Borough Hall located at 1701 North Ocean Avenue.

The process for approval to develop property, including subdividing land, erecting new structures, altering existing structures, or otherwise changing the use of a property or structure usually begins with an application for a Zoning Permit, which is required prior to the issuance of a Building Permit. Depending on the nature of the application, denial of a Zoning Permit by the Borough's Zoning Officer may be appealed to the Planning Board or the Zoning Board of Adjustment. Applicants are also authorized by N.J.S.A. 40:55D-72b to file a Development Application without first requesting approval from the Zoning Officer.

PLANNING BOARD & ZONING BOARD OF ADJUSTMENT

The Planning Board, whose members include the Mayor, a member of the Borough Council, and one other Municipal Official, and six (6) residents of the Borough, plus two Alternate Members, is primarily a policy making body which sets the course for future development within the community by formulating and adopting the Master Plan authorized by the Municipal Land Use Law (N.J.S.A. 40:55D-28). The Planning Board is also authorized to review and approve development proposals which include subdivision and site plans (N.J.S.A. 40:55D-37) and conditional uses (N.J.S.A. 40:55D-67) and may grant some types of variances in conjunction with these approvals. The Planning Board meets monthly in the Meeting Room, located at Sixth & Central Avenues, usually on the 4th Tuesday at 7:30 p.m.

The Zoning Board of Adjustment, whose members include seven (7) residents of the Borough, plus two (2) Alternate Members, is authorized by the Municipal Land Use Law to hear and decide appeals where it is alleged there is an error in any order, requirement, decision or refusal made by the Zoning Officer based on or made in the enforcement of the Zoning Ordinance (N.J.S.A. 40:55D-70a). The Zoning Board of Adjustment is also authorized to interpret the Zoning Map and Zoning Regulations (N.J.S.A. 40:55D-70b) which are contained in Article 7 of the Borough's Development Regulations Ordinance and is authorized to grant variances for lots, structures and uses which do not conform to the requirements of the Zoning Regulations (N.J.S.A. 40:55D-70c & 40:55d-70d). The Zoning Board of Adjustment may also grant subdivision,

site plan, and conditional use approvals (N.J.S.A. 40:55D-72b) in conjunction with a request for a use variance. The Zoning Board of Adjustment meets monthly in the Meeting Room, located at Sixth & Central Avenues, usually on the 4th Monday at 7:30 p.m.

- Affidavit of Publication, provided by the newspaper, which certifies the date on which the Hearing Notice was published in the newspaper.

HEARING PROCEDURES

The Municipal Land Use Law places the burden of demonstrating justification for requested approvals and variances with the applicant. At the scheduled hearing the applicant must appear in person, or be represented by an attorney, to present the application and provide the Board with information to support the requested approvals or variances.

The Planning Board will begin no new hearings after 10:30 p.m. If the hearing on an application has not begun before 10:30 p.m. on the scheduled meeting date, the application will be carried to the next scheduled meeting. The applicant may request a special meeting upon payment of the required fees.

Pursuant to a rule adopted on October 27, 1997, the Zoning Board of Adjustment will begin no new hearings after 10:00 p.m. If the hearing on an application has not begun before 10:00 p.m. on the scheduled meeting date, the application will be carried to the next scheduled meeting. The applicant may request a special meeting upon payment of the required fees.

Hearings on Development Applications are conducted in accordance with the following procedures:

- When a case is called by the Board Chairman, the applicant, or attorney representing the applicant, is required to provide a summary of the proposal and the approvals and variances being sought. The applicant, or attorney, is required to present testimony by way of witnesses, documentary evidence or exhibits which the applicant intends to rely upon to establish the right to the relief and approvals sought. At the conclusion of the testimony by each witness, the Board Chairman will permit reasonable cross-examination relating to the presented testimony by Board members, Board professionals, and members of the public.
- After the applicant has submitted all evidence, objectors may comment on the Development Application, including the calling of witnesses and introduction of documentary evidence. Each witness shall be subject to reasonable cross-examination relating to the presented testimony by the applicant, or attorney, Board members, Board professionals and members of the public.
- After all evidence has been presented to the Board supporting and opposing the application, the applicant may present rebuttal testimony or evidence.
- Board members may place relevant evidence, official or personal knowledge regarding the application and subject property before the Board, including facts ascertained from viewing the site and general area.

DECISIONS

The Municipal Land Use Law requires the Board to make a decision on a Development Application within an allotted time period from the date the application is certified complete, unless the time period is extended with the consent of the applicant. These time limits vary depending on the nature of the application; 45 days for most Subdivision and Site Plan approvals; 95 days for Conditional Use approvals; and 120 days for variance requests. Since these time limits commence when an application is certified complete, no hearing will be scheduled until all required attachments and supporting documentation is filed with the Board Secretary.

N.J.S.A. 40:55D-10 requires decisions of the Planning Board and Zoning Board of Adjustment be reduced to writing. In most instances, a resolution memorializing the decision is adopted by the Board within 45 days after the date of the meeting at which the Board voted to grant or deny approval.

N.J.S.A. 40:55D-10h requires a copy of the Board's decision be mailed to the applicant within ten (10) days of the date of the decision. N.J.S.A. 40:55D-10i requires publication of a brief notice of the Board's decision in the newspaper designated by the municipality. In accordance with §25-416F of the Seaside Park Development Regulations Ordinance, the Board Secretary will arrange the publication of this notice.

ISSUANCE OF BUILDING PERMITS

The zoning approval required in conjunction with the issuance of building permits cannot be granted until the resolution memorializing the Board's decision has been adopted. Applications which include subdivision and/or site plan approval cannot be granted zoning approval and building permits cannot be issued until the final plat is signed by the Board Chairman and Board Secretary, and until required performance guarantees and inspection fees, if any, are posted in accordance with §25-410 (Guarantees & Inspections) of the Seaside Park Development Regulations Ordinance.

APPEALS

Any interested party, including the applicant or an objector, may appeal a decision of the Planning Board or Zoning Board of Adjustment to Superior Court within 45 days after the publication of the notice of the decision in accordance with N.J.S.A. 40:55D-17h and 40:55D-18.

ADDITIONAL INFORMATION

The Zoning Official and Board Secretary are available to answer questions but cannot complete the application or provide legal advice to applicants. Prior to filing a Development Application, applicants are encouraged to attend a meeting of the Planning Board or Zoning Board of Adjustment and review documents relating to previously submitted Development Applications.

Zoning Board of Adjustment

It is the responsibility of the Zoning Board of Adjustment to hear appeals, interpret the zoning ordinance and grant or deny variances to applicants seeking a deviation from ordinance requirements. For a variance to be granted it is incumbent on the applicant to show proofs that satisfy both the negative and positive criteria as provided in the Municipal Land Use Law. Only when the applicant has satisfied these tests can relief be granted.

Each application must stand on its own merits and is considered by the Board on an individual basis.

Any relief granted, is granted for the property and not the individual applicant.

We hope that this statement will not only help the applicant in the presentation of their application but also to understand that compliance with the Master Plan is the ultimate goal of this Board.

General Instructions

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
