CSI Adult Night

Solve a simulated crime using real forensic science techniques. Hands-on activities including development and analysis of latent fingerprints, blood stain and spatter analysis, blood typing, casting of shoe impressions and much more!

Directed by Doug Houser, teacher and developer of the Forensic Science program at Brick Memorial High School.

When: Tuesday, July 10th 6:30-9:30pm

Cost: \$25 per person. Limited to 15 students. Ages 17 and older.

Summer Wines!

With the coming of summer, our thoughts on food turn to light, tasty, hot-weather meals or simple salad-appetizer combos on the patio. For such foods the perfect wine companion can make a big difference.

Class discussion will focus on the principle of pairing wines & foods. These principles will be reinforced with a tasting of seven wines that will best complement the flavors of lobster, crab, flounder and many other seafood dishes to create the best match!

Designed for people of all levels of wine appreciation, the classes will be taught by William R. Dabney, Certified Wine Judge of the American Wine Society.

Students must be at least 21 years old. 3 wine glasses must be brought to class. Class size limited to 17 participants!

When: Wednesday, July 11th from 7 to 9pm

Cost: \$15 per person

Jersey Traditions/Shorebird Decoys

Learn about the traditional art of decoy carving and how decoys were used in New Jersey. Enjoy painting your own shorebird “flattie” decoy to take home! Craft program courtesy of Tuckerton Seaport which attracts about 30,000 visitors each year
