## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members  
of the Borough Council  
Borough of Seaside Park  
County of Ocean  
Seaside Park, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Borough of Seaside Park (the "Borough"), as of December 31, 2009, and the related statements of operations and changes in fund balance - regulatory basis for the year then ended and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis for the year ended December 31, 2009. These financial statements - regulatory basis are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements - regulatory basis of the Borough of Seaside Park, as of December 31, 2008, and for the year then ended, were audited by other auditors whose report, dated November 10, 2009, expressed an adverse opinion as to conformity with accounting principles generally accepted in the United States of America and a qualified opinion as to conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements. The LOSAP Fund financial activities are included in the Borough's Trust Fund and represent 22% of the assets and liabilities as of December 31, 2009 of the Borough's Trust Funds.

As described more fully in Note 2, the Borough has prepared these financial statements using accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

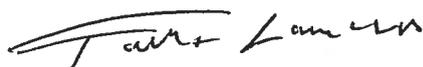

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough, as of December 31, 2009 or the results of its operations or cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended. Further, the Borough has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund financial statements been audited, the financial statements - regulatory basis present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Borough, as of December 31, 2009, and the results of its operations and the changes in fund balance - regulatory basis of the individual funds for the year then ended and the statements of revenues - regulatory basis, and statements of expenditures - regulatory basis for the year ended December 31, 2009, on the basis of accounting described in Note 2 to the financial statements.

In accordance with Government Auditing Standards, we have also issued our report dated April 20, 2010 our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements - regulatory basis of the Borough taken as a whole. The accompanying financial information listed as supplementary schedules in the table of contents and the accompanying schedule of expenditures of state financial assistance are not required parts of the financial statements - regulatory basis and are presented for purposes of additional analysis as required by New Jersey State Division of Local Government Services and New Jersey State Office of Management and Budget Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid. The accompanying financial information listed as supplementary schedules in the table of contents and the schedule of expenditures of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund supplementary information been audited, in our opinion, is fairly presented in all material respects in relation to the financial statements - regulatory basis taken as a whole, on the basis of accounting described in Note 2 to the financial statements.

## **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members  
of the Borough Council  
Borough of Seaside Park  
County of Ocean  
Seaside Park, New Jersey

We have audited the financial statements - regulatory basis of the Borough of Seaside Park (the "Borough") as of and for the year ended December 31, 2009, and have issued our report thereon dated April 20, 2010 in which we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America. As described in Note 2 to the financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion was also qualified because the Division of Local Government Services does not require the Length of Service Award Program to be audited, only reviewed. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs listed as findings 2009-1 and 2009-2 to be material weaknesses.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs listed as finding 2009-3 to be a significant deficiency.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

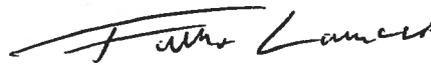

We noted certain matters that we have reported to management of the Borough in the Comments and Recommendations section of this report.

The Borough's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the Borough's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the governing body, management, others within the Borough, the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 1 REPORTING ENTITY**

This report includes the financial statements of the Borough of Seaside Park (the "Borough"), within the County of Ocean, in the State of New Jersey and reflects the activities of the Municipality which is under the control of the Mayor and Borough Council. The financial statements of the Board of Education, the first aid organization and volunteer fire companies are reported separately since their activities are administered by separate boards.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. Description of Funds

The Governmental Accounting Standards Board ("GASB") is the recognized standard-setting body for establishing governmental accounting and financial reporting principles generally accepted in the United States of America. The GASB Codification established certain fund types and account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The accounting policies of the Borough conform to the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial activities through the following separate funds which differ from the fund structure required by accounting principles generally accepted in the United States of America:

Current Fund - resources and expenditures for governmental operations of a general nature.

Grant Fund - accounts for receipts and disbursements of Federal and State grants.

Trust Funds - receipts, custodianship, and disbursement of monies in accordance with the purpose for which each reserve was created.

Assessment Trust Fund - used to account for the financing of local improvements deemed to benefit the properties against which assessments are levied.

Animal Control Trust Fund - animal license revenue and expenditures.

Length of Service Award Program Fund - Receipt and disbursement of funds held in trust for program eligible volunteers.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

A. Description of Funds (continued)

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund and are offset by deferred charges to future taxation.

Water-Sewer Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipality-owned water - sewer utility. Bonds and notes payable of the utility fund is recorded in the utility capital funds.

Marina Utility Operating and Capital Fund - account for the operations and acquisition of capital facilities of the municipality - owned marina utility.

Public Assistance Fund - receipts and disbursements of funds that provide assistance to certain residents of the Borough.

Payroll Fund - receipts and disbursements to account for the payroll and payroll tax liabilities of the Borough. Amounts are received from the Current, Water - Sewer Utility, and Marina Utility Funds.

General Fixed Asset Account Group - is used to account for fixed assets used in general government operations.

B. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

B. Basis of Accounting (continued)

Budgets and Budgetary Accounting - the Borough of Seaside Park must adopt an annual budget in accordance with N.J.S.A. 40A:4-4 et al. N.J.S.A. 40A:4-5 which requires the governing body to introduce and approve the annual municipal budget no later than February 10 of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulated in the municipality. The public hearing must not be held less than twenty-eight days after the date the budget was introduced. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9.

An extension of the statutory dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services, with the permission of the Local Finance Board.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements.

Cash, Cash Equivalents and Investments - New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

The Borough of Seaside Park is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

B. Basis of Accounting (continued)

Cash, Cash Equivalents and Investments (continued)

Public funds are defined as the funds of any government unit. Public depositories include banks (both state and national banks), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

The Borough considers highly liquid investments with an original maturity of three months or less at the time of purchase to be cash equivalents.

Property Taxes and Other Revenues - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts. Property taxes are payable quarterly on the first day of February, May, August and November.

Grant Revenues and Expenditures - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough budget. GAAP requires such revenues to be recognized in the accounting period when they are earned and the expenditures to be recognized when the liability is incurred.

Expenditures - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Encumbrances - contractual orders at December 31 are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

B. Basis of Accounting (continued)

Appropriation Reserves - are available until lapsed at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Deferred Charges - the regulatory basis of accounting utilized by the Borough requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheet. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2009 is set forth in Note 8.

Compensated Absences - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Asset Group at its market value.

Interfunds - interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

B. Basis of Accounting (continued)

Inventory of Supplies - the cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The inventories have offsetting reserve amounts.

Fixed Assets - Utility - property and equipment purchased by the Utility Funds are recorded in the Utility Capital Funds at cost and is adjusted for dispositions and abandonments. The amount reported for reserve for amortization of fixed capital acquired on the balance sheet of the Utility Capital Funds represents the aggregate charges (capital outlay and debt service) to the operating budget for the costs of acquisitions of property and equipment and proceeds from grants-in-aid. The utilities do not record depreciation of property and equipment. GAAP does not require the establishment of a reserve for amortization of fixed capital, whereas it does require the recognition of depreciation of property and equipment by enterprise funds.

Reserve for Sale of Municipal Assets - the proceeds of the sale of municipal assets can be held until made available through a future budget appropriation. GAAP requires such proceeds to be recorded as revenue in the year of sale.

General Fixed Assets - property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from accounting principles generally accepted in the United States of America. The following is a brief description of the Directive.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation on general fixed assets is recorded in the financial statements.

Fixed assets acquired through grants-in-aid or contributed capital are not accounted for separately.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

B. Basis of Accounting (continued)

Comparative Data - comparative total data for the various funds for the prior year has been presented in the accompanying Balance Sheets and Statements of Operations and Changes in Fund Balance in order to provide an understanding of changes in the Borough's financial position. However, Comparative Statements of Revenue and Statements of Expenditures have not been presented since this inclusion would make the statements unduly complex and difficult to read.

C. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**NOTE 3 CASH, CASH EQUIVALENTS AND INVESTMENTS**

Deposits

As of December 31, 2009, the Borough had funds or deposits in checking, statement savings and in the New Jersey Cash Management Fund.

At December 31, 2009, the Borough's deposits had a carrying amount of \$8,950,553.94 and a bank balance of \$9,214,252.98. Of the bank balance \$467,523.35 was covered by federal depository insurance, and by the Governmental Unit Deposit Protection Act, and \$519,705.93 was on deposit in the New Jersey Cash Management Fund.

All bank deposits as of the balance sheet date are entirely insured or covered by a collateral pool maintained by public depositories as required by the Governmental Unit Deposit Protection Act (see Note 2 - Cash, Cash Equivalents and Investments).

Custodial Credit Risk - Deposits

Custodial Credit Risk is the risk that, in the event of bank failure, the government's deposits may not be returned to it. The Borough does not have a formal policy for custodial credit risk.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 3 CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)**

Investments

As of December 31, 2009, the Borough had the following investments:

	<u>Book Value</u>	<u>Fair Value</u>
LOSAP	\$108,668.96	\$108,668.96

Interest Rate Risk

LOSAP investment options are at the discretion of each individual participant and not the Borough.

Credit Risk

State law limits investments as noted above.

The fair value of the above-listed investments was based on quoted market prices.

During the year, the Borough had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Borough.

**NOTE 4 BONDS AND NOTES AUTHORIZED BUT NOT ISSUED**

At December 31, 2009 the Borough of Seaside Park had authorized but not issued bonds and notes as follows:

General Capital Fund:	
Bonds and Notes	\$589,599.00
Water-Sewer Utility Capital Fund:

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 5 LONG-TERM DEBT**

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The terms of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

Upon the authorization of capital projects, the Borough establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

Taxes collected in advance and set forth as cash liabilities in the financial statements, are as follows:

	Balance December 31,	
	2009	2008
Prepaid Taxes	\$188,425.47	\$168,800.24

**NOTE 10 ASSESSMENT AND COLLECTION OF PROPERTY TAXES**

New Jersey statutes require that taxable valuation of real property be prepared by the Borough Tax Assessor as of October 1<sup>st</sup> in each year and filed with the County Board of Taxation (“Board”) by January 10<sup>th</sup> of the following year. Upon the filing of certified adopted budgets by the Borough, Regional High School District, Local School District, and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3<sup>rd</sup>, with a completed duplicate of the tax rolls to be delivered to the Borough Tax Collector (“Collector”) on or before May 13<sup>th</sup>.

Tax bills are prepared then mailed by the Collector of the Borough annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1<sup>st</sup> and November 1<sup>st</sup> of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year’s tax. The preliminary payments are due and payable on February 1<sup>st</sup> and May 1<sup>st</sup>. The N.J. Statutes allow a grace period of 10 days for each payment period and the Borough granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent as of the eleventh day of the eleventh month of the fiscal year, the delinquent amount is subject to “Tax Sale” which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1<sup>st</sup> of the current tax year even though the amount due is not known.

The Borough has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Borough's Volunteer Fire Department. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "length of service award plan under Section 457(e)11 of the Internal Revenue Code".

Annual Contributions - The annual contribution to be made by the Borough for each active volunteer member shall be \$1,150.00 per year of active emergency service, commencing with the year 2005.

Appropriations - Appropriations for the purpose of funding the Borough's LOSAP shall be included as a separate line item in the Borough's budget, commencing with the year 2005.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Borough for each active volunteer member shall be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Criteria for Eligibility; Contributions; Points - Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Borough, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

Determination as to Eligibility - Each emergency service organization shall provide to the Borough Administrator, acting as the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as of each January 1 thereafter. The Plan Administrator shall forward said certified list to the Borough Council for approval, in accordance with the provisions of N.J.A.C. 5:30-14.10. The decision of the Borough Council as to such active member's eligibility shall be binding upon the Plan Administrator, participant, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

Terms of Participation - The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

Vesting - The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

**NOTE 15 LENGTH OF SERVICE AWARD PROGRAM ("LOSAP") - UNAUDITED (continued)**

Termination of Service - Any participant who terminates service as an active volunteer member shall cease to participate hereunder. A former participant may resume participation immediately upon returning to the service of the emergency service organization as an active volunteer member. Any active volunteer member who terminates service with the emergency service organization, subsequently returns to service and again becomes a participant shall be treated as a new participant for purposes of eligibility unless said participant was fully vested prior to his or her termination from service.

Reporting Requirements - N.J.A.C. 5:30-14.49 requires that the Borough perform a separate review report of the Plan in accordance with the American Institute of Certified Public Accountants Statements for Accounting and Auditing Review Services.

**NOTE 19 RISK MANAGEMENT**

The Borough is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; error and omission; injuries to employees; and natural disaster. The Borough is a member of the Ocean Municipal Joint Insurance Fund (JIF). This public entity risk pool is both an insured and self-administered group of municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The JIF will be self-sustaining through member premiums. The JIF participates in the Municipal Excess Liability Insurance program. There were no settlements in excess of insurance coverage in 2009, 2008 and 2007.

**NOTE 20 CONTINGENT LIABILITIES**

A. Accrued Vacation and Sick Pay (Unaudited)

As discussed in Note 2 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Borough's liability related to unused sick pay. The Borough permits certain employees within limits to accumulate unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The total amount of the liability upon retirement, based upon the above data and limitations, is approximately \$957,707.76 at December 31, 2009. In accordance with New Jersey accounting principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

**BOROUGH OF SEASIDE PARK  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2009**

**NOTE 20 CONTINGENT LIABILITIES (continued)**

B. Unemployment Compensation Insurance

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et. seq.). The Borough has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The reserve for unemployment compensation insurance at December 31, 2009 was \$739.47.

C. Litigation

The Borough is involved in legal and administrative proceedings and claims of various types. While any litigation contains an element of uncertainty, Borough Officials, based upon the opinion of the Borough Counsel, presently believe that the outcome of each such proceeding or claim which is pending or known to be threatened, or all of them combined, will not have a material adverse effect on the Borough's financial position or adversely affect the Borough's ability to levy, collect, and enforce the collection of taxes or other revenue for the payment of its bonds or other obligations.

D. Federal and State Grants

The Borough receives financial assistance from the U.S. government and the State of New Jersey in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, cost previously reimbursed could be disallowed and require payments to the grantor agency. As of December 31, 2009, the Borough estimates that no material liabilities will result from such audits.

**NOTE 21 SUBSEQUENT EVENTS**

On January 28, 2010, the Borough adopted an ordinance increasing water and sewer rates.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH  
STATE TREASURY CIRCULAR LETTER 04-04 OMB**

To the Honorable Mayor  
and Members of the Borough Council  
Borough of Seaside Park  
County of Ocean  
Seaside Park, New Jersey

**Compliance**

We have audited the compliance of the Borough of Seaside Park (the "Borough") with the types of compliance requirements described in the New Jersey State Office of Management and Budget's State Grant Compliance Supplement that are applicable to each of its major state programs for the year ended December 31, 2009. The Borough's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Borough's management. Our responsibility is to express an opinion on the Borough's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the provisions of the State Treasury Circular Letter 04-04 OMB, Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards and Circular Letter 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough's compliance with those requirements.

In our opinion, the Borough complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2009.

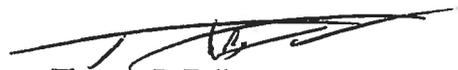

Internal Control Over Compliance

Management of the Borough is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Borough's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with State Circular Letter 04-04 but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over compliance.

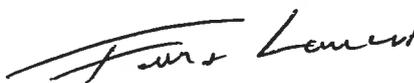

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned function, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the governing body, management, others within the Borough, the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the appropriate state and federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE SCHEDULE OF EXPENDITURES OF  
STATE FINANCIAL ASSISTANCE  
FOR THE YEAR ENDED DECEMBER 31, 2009**

**NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION**

A. Organization

The Borough of Seaside Park is the prime sponsor and recipient of various state grant funds. The Borough has delegated the administration of grant programs and the reporting function to various departments within the Borough. Substantially all grant and program cash funds are commingled with the Borough's other funds, although each grant is accounted for separately within the Borough's financial records. The Borough's Department of Finance performs the accounting functions for all grants.

B. Basis of Presentation

The accompanying schedule of expenditures of state financial assistance includes the state grant activity of the Borough of Seaside Park and is presented on the cash basis of accounting. Differences between budget and actual cash disbursements, as well as differences between budget revenues and actual cash receipts, for grants accounted for in the Federal and State Grant Fund are transferred to the Current Fund balance when the grant is closed out. The information in this schedule is presented in accordance with the requirements of the State Treasury Circular Letter 04-04-OMB, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.

**NOTE 2 CONTINGENCIES**

Each of the grantor agencies reserves the right to conduct additional audits of the Borough's grant programs for economy, efficiency and program results. However, Borough management does not believe such audits would result in material amounts of disallowed costs.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2009**

**Section II - Financial Statement Findings**

2009-1 General Ledger

**Comment:** The general ledgers were incomplete whereby various general ledger accounts, including budget appropriation control, appropriation reserves, anticipated revenues, taxes receivable, tax overpayments, and reserve for encumbrances did not agree to the underlying subsidiary ledgers. Routine journal entries were not posted in the capital funds. The incomplete posting of the general ledgers precludes the Borough from using it as a source of data from which financial statements may be presented.

**Criteria:** Maintenance of general ledgers reconciled to subsidiary records is essential to maintaining control of the Borough's funds.

**Cause:** The Borough has not established a general ledger reconciliation procedure.

**Effect:** Lack of complete reconciled general ledgers may result in incorrect or untimely reporting of financial status internally or to outside agencies.

**Recommendation:** That the general ledgers be completely and properly maintained, including the reconciliation of all subsidiary ledgers, to the general ledgers and the posting of routine journal entries.

**Borough Response:** The Borough will implement a general ledger reconciliation procedure and all journal entries will be posted.

2009-2 Bank Reconciliations

**Comment:** The current fund and payroll fund bank reconciliations were not completed in a timely manner.

**Criteria:** Bank reconciliations are essential to maintaining control of the Borough's funds and monitoring revenue and expenditures.

**Cause:** The Borough did not complete the current fund or payroll fund bank reconciliation in a timely manner.

**Effect:** Lack of timely bank reconciliations may result in incorrect or untimely reporting of financial status internally or to outside agencies.

**Recommendation:** That bank reconciliations for all funds be completed in a timely manner.

**Borough Response:** Bank reconciliations for all funds will be completed in a timely manner.

2009-3 General Fixed Asset Account Group

**Comment:** The Borough's general fixed asset account group was not updated in a timely manner.

**Criteria:** The proper and timely maintenance of Fixed Assets records is necessary to maintain control over the Fixed Assets of the Borough, and is required by Local Government Services Technical Directive 85-2.

**Cause:** There are no procedures in place to update the Fixed Asset records in a timely manner.

**Effect:** Failure to properly update the Fixed Assets in a timely manner compromises the ability to assure asset maintenance and could lead to inaccurate financial reporting.

**Recommendation:** That procedures be implemented to update the Fixed Asset records in a timely manner.

## GENERAL COMMENTS

### Contracts and Agreements Required To Be Advertised for N.J.S. 40A:11-4

N.J.S. 40-A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law".

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Marina Water Improvements	Solid Waste Collection and Recycling
Energy Audit	Marina Breakwater Improvements
Phase I Water Main Distribution and	13 <sup>th</sup> Avenue Boat Ramp Improvements
Sanitary Sewer Improvements	Improvements to Seventh Avenue
"O" Street Bulkhead Improvements	Design of Well No. 10
Boat Ramp	

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal individual payments in excess of the bid threshold "for the provision or performance of any goods or services" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

### Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered"

## GENERAL COMMENTS (continued)

### Collection of Interest on Delinquent Taxes, Water Utility Rents, Sewer Utility Rents and Assessments

N.J.S.A. 54:4-67 provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, assessments, and other charges on or before the date when they would become delinquent.

The Governing Body, on January 4, 2009, adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

**WHEREAS**, N.J.S.A. 54:4-67 authorizes the governing body of a municipality by resolution to fix the rate of interest to be charged on delinquent taxes; and

**WHEREAS**, the same statute also authorizes the governing body to provide that no interest shall be charged if payment of any installment is made within the tenth calendar day following the date upon which the same became payable.

**NOW, THEREFORE, BE IT RESOLVED** by the Borough Council of the Borough of Seaside Park, in the County of Ocean, State of New Jersey, as follows:

1. In accordance with N.J.S.A. 54:4-67 as amended, the rate of interest to be charged for the nonpayment of taxes on or before the date when they would become delinquent is hereby fixed at eight percent (8%) per annum on the first \$1,500.00 of the delinquency and eighteen percent (18%) per annum on any amount in excess of \$1,500.00, to be calculated from the date the tax was payable until the date of actual payment, and if the delinquency is in excess of \$10,000 and remains in arrears beyond December 31, an additional penalty of six percent (6%) shall be charged against the delinquency.
2. In accordance with N.J.S.A. 54:4-67, no interest shall be charged if payment of any installment is made within the tenth calendar day following the date upon which the same became payable.
3. The Municipal Clerk is hereby directed to forward a certified copy of this Resolution to the Borough Tax Collector.

It appears, from an examination of the Tax Collector's records, that interest was collected in accordance with the foregoing resolution and statute.

### Delinquent Taxes, Tax Title Liens, and Delinquent Water-Sewer Rents

The detail of all unpaid taxes for 2009 and prior years is being properly carried in the Tax Collector's records. An abstract taken from these records as of December 31, 2009, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

The last tax sale was held on June 26, 2009 and it was complete.

**GENERAL COMMENTS (continued)**

**Delinquent Taxes, Tax Title Liens, and Delinquent Water-Sewer Rents (continued)**

The following comparison is made of the number of tax title liens receivable on December 31<sup>st</sup> of the last three (3) years.

<u>Year</u>	<u>Number of Liens</u>
2009	0
2008	0
2007	0

The detail of all unpaid water-sewer rents for 2009 and prior years is being properly carried in the Utility Collector's records. An abstract taken from these records as of December 31, 2009, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

**Verification of Delinquent Taxes and Other Charges**

Verification of delinquent charges and current payments was done for the period under audit in accordance with the regulations of the Division of Local Government Services, on December 31, 2009 and consisted of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>	<u>Number Returned</u>
Dates of Payments of Taxes	25	9
Delinquent Taxes	11	1
Dates of Payment of Water-Sewer Utility Charges	25	12
Delinquent Water-Sewer Utility Charges	37	14

Through examination of those notices that were returned, and by alternative procedures for notices unreturned, no irregularities were noted.

**OTHER COMMENTS**

**Cash and Cash Equivalents Balances**

The cash and cash equivalents balances in all funds were verified by independent certifications obtained from the depositories as of December 31, 2009.

Cash counts were made at various dates in all departments of the Borough and bank balances were independently reconciled to the books and records or to such schedules of receipts and disbursements provided for audit.

The change funds and petty cash funds were counted.

**OTHER COMMENTS (continued)**

**Revenues**

Receipts from licenses, fees, fines and costs, etc. for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

**Financial Administration**

**Comment:** Tax activity is not always being reflected properly in the tax records. Appeals should be shown as a credit in the tax account for the full amount of the appeal. If the appeal results in an overpayment, then the money can be refunded or applied forward. During 2009, tax accounts were credited for the amount of the appeal to the extent the account balance was brought to zero. The balance of the appeal was applied forward as a cancellation.

**Recommendation:** That tax activity be properly reflected in the tax accounts to provide the proper reporting trail.

**Comment:** The last activity in the reserve for reassessment was in 2007. The account has a reserve balance of \$20,771.98.

**Recommendation:** That the reserve for reassessment account be reviewed to determine if it should be canceled.

**Comment:** Year end reports prepared by Marina personnel were not reconciled to the revenue and prepaid revenue reflected in the general ledger.

**Recommendation:** That year end reports prepared by Marina personnel be reconciled to the general ledger.

**Comment:** The Borough has several lease agreements for use of the elevated tank as a cell tower. There are no procedures in place to determine if all payments are being made and if they are in agreement with the amounts in the lease agreement.

**Recommendation:** That procedures be implemented to summarize and monitor elevated tank lease agreements.

**Comment:** There are several grants in the Federal and State Grant Fund that show little or no activity.

**Recommendation:** That inactive grants be reviewed and either be expended or canceled.

**OTHER COMMENTS (continued)**

**Financial Administration (continued)**

**Comment:** Interfunds receivable and payable are reflected on the various balance sheets of the funds at December 31, 2009.

**Recommendation:** That all interfunds be liquidated prior to year end.

**Comment:** We noted various reserves whereby a dedication by rider resolution approval was not obtained from the State of New Jersey.

**Recommendation:** That the Borough obtain dedication by rider resolution approvals from the State of New Jersey for all trust fund reserves.

**Comment:** The prior year audit synopsis and corrective action plan were not available for audit.

**Recommendation:** That the prior year audit synopsis and corrective action plan be made available for audit.

**Comment:** There was \$744,964.00 of bond anticipation notes issued in excess of the debt authorization for water-sewer capital ordinance number 1418.

**Recommendation:** That the excess bond anticipation notes against water-sewer capital ordinance 1418 be reduced to the authorized debt limit.

**Comment:** The General Capital analysis of cash reflects a negative cash balance in one ordinance.

**Recommendation:** That adequate cash funding be in place prior to commitments being placed against an ordinance.

**Expenditures**

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute.

### Payroll

An examination was made of the employees' compensation records for the year 2009 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Vouchers for overtime and part-time wages were checked.

### Miscellaneous Comments
