5. Swearing in of Board Professionals

"It is the responsibility of this Board to hear appeals, interpret the zoning ordinance and grant or deny variances to applicants seeking a deviation from ordinance requirements. For a variance to be granted it is incumbent on the applicant to show proofs that satisfies both the negative and positive criteria as provided in the Municipal Land Use Law. Only when the applicant has satisfied these tests can relief be granted. Each application stands on its own merits and is considered by the Board on an individual basis. Any relief granted, is granted for the property and not the individual applicant. We hope that this statement will not only help the applicant in the presentation of their application but also to understand that compliance with the Master Plan is the ultimate goal of this Board."
